

Throughout the uncertainty of 2020, the Building for Kids remained committed to our mission of inspiring discovery and building resilience through intergenerational play-based learning and exploration of the arts, sciences, and humanities.

To do this, we discovered innovative ways to engage with families throughout the Fox Cities, including virtual programming, take-home family activity kits, socially-distant small group programming, and private exhibit rentals. Throughout these activities, we partnered with local public health officials to ensure the health and safety of our community.

We are so grateful for the generous support of our community in 2020! This support enabled us to continually evolve to meet the changing needs of families and to support the essential experiences of childhood throughout this crisis, recovery, and beyond.
